Top post by Emma Alder

A GOOD LUCK message for @amandakyneur and @kyliejill who will be racing Grafton to Inverell @grafton2inverell this Saturday. I know you will both be able to complete the 228km race and you will be representing women's racing and cycling. I will be there at the finish to cheer you across the line, having driven the race which you both know will be a huge achievement for me after the last 3 months.

I'm proud of you both for giving it your all
